

LEAGUE RULES FOR PRINCE WILLIAM LASSIE LEAGUE (REVISED)

A. ADMINISTRATIVE

1. **GUIDELINES FOR TEAM SIZE.** It is recommended that each team begin the season with a minimum of 12 and a maximum of 13 players. Senior Division may carry 16 players.
2. **POST DRAFT ROSTER CHANGES.** Once the teams have been formed, the trading of players may be allowed as follows: The Division Director must be notified and all coaches in the Division must vote. The trade will be allowed if the majority of the coaches agree. In the event of a tie vote, a panel consisting of three Board Members will decide. Vacancies on teams may be filled as they occur, after registration, from the waiting list on a first-come, first-served basis. Division Directors may "hold" the waiting list until all teams have an equal number of players.
3. **ROSTER DROPS.** A player who fails to show for four consecutive scheduled games will be reported to the Division Director and considered a drop out unless the manager excuses the absences. Before any player is dropped, the Division Director will be apprised of the situation and concurrence of the contemplated action obtained.
4. **NO SMOKING.** No smoking will be permitted on the field or bench area. The bench area is defined as the area within 10 feet of the bench or on-deck circle.
5. **MEDICAL/DISCIPLINE.** A player will not be permitted to play if medical reasons or disciplinary action prohibits active participation. The Division Director must be informed of disciplinary action as soon as possible after the situation occurs.
6. **SCHEDULE.** Each Division Director will prepare playing schedules and provide them to the Director of Umpires. Requested changes of the published schedule by coaches should be submitted to the appropriate Division Director at least seven days (72 hours if the team is unable to field 9 players) prior to the regularly scheduled game. The appropriate Division Director will review all requests and has final authority on decisions to rescheduled games. If this rule is abused, the team requesting the change could be liable to forfeit the scheduled game as determined by the appropriate Division Director. The affected Division Director will reschedule all postponed and incomplete games and provide that information to the Director of Umpires. Any game that is played but has not been scheduled or rescheduled by the appropriate Division Director will result in a loss credited to both teams involved.

Any new players not present when the game was suspended will be placed at the bottom of the lineup. All players that show up late (after start of the game) will be placed at the bottom of the lineup, even if they were in the original lineup of the suspended game. If the player who was at bat when the game was suspended is not present, then the next person in the lineup will come up to bat and assume the ball/strike count when the game was suspended.
- (4) ASA Rule 5, Section 9 (Run Ahead Rule) is modified to read:
 - A run ahead rule must be used at all tournaments: 15 runs after three innings, 12 runs after four innings or 10 runs after 5 innings.

The ball must be delivered with a perceptible arc and reach a height of at least 6 feet from the ground, while not exceeding a maximum height of 10 feet from the ground. No player may play more than nine consecutive outs until all substitutes have entered the game. Failure of a player to play the minimum offensive or defensive requirements will result in the offending team forfeiting the game. Any game terminated in accordance with Rule 1 will not cause a forfeit if the manager is unable to comply with this rule (minimum playing time rule). In the event that a player does not play the minimum nine consecutive defensive outs and bat once through no fault of her own (e.g. tardiness, absence, etc.), she must start the next game.
7. **DEFENSIVE SUBSTITUTION RULE.** ASA Rule 4, Players, Coaches, Substitutes, Section 6, Substitutes and Prince William Lassie League Rule 6, Minimum Playing Time. This includes setting up of the bases and returning them to their appropriate storage location at the end of the game. The Home team is ultimately responsible to ensure that both bench areas are cleaned at the end of play however, each team will be held accountable for their own bench areas being picked up and clean at the end of the game.
10. **INJURY OR SICKNESS.** Another player must replace an injured or sick player who is forced to leave the game, if any are available. An injured player may re-enter the game, but only after the half inning in which the injury occurred has been completed. A player who leaves the game due to an injury for a second time cannot re-enter the game again. The minimum playing time rule does not apply to the injured player. **NOTE:** A player who has replaced an injured player, and then leaves the game when the injured player returns, is still required to meet the minimum playing requirement. NOTE: This rule shall be interpreted by the umpire to the extent necessary to ensure orderly game proceedings. Rule 5-3e allows this rule to be broadly interpreted to include spectators, if necessary.
15. **PLAYER, MANAGER, OR COACH EJECTION.** The following rule shall supplement ASA Rule 1, Definitions, Ejected Player. Anyone ejected from a game will not only sit out the remainder of that game, but also will not be allowed to play, manage, or coach in the team’s next game.

In order to prevent injury and protect the defensive player attempting to make a play on a runner, the runner must be called out if she remains on her feet and crashes into a defensive player holding the ball and waiting to apply a tag, or if the defensive player is about to receive a thrown ball. In order to prevent the crash ruling, the runner can slide, jump over the top of the defender holding the ball, go around the defender (if outside the three foot lane, the runner would be called out), or return to the previous base touched. **NOTE:** If the act is determined to be flagrant, the offender shall be ejected.

(Example: A base runner who is looking at the defensive player with the ball and is walking to the next base is not considered to be making a “serious” attempt to advance to the next base.)
20. **LAST INNING “FLIP - FLOP” RULE.** Adopt the “flip-flop” rule for the last inning (unlimited run inning) of play. Regardless of visiting and home team designation at the start of the game, upon entering the last inning, the team which is behind by 12 or more runs will bat first. The team which is ahead in runs will bat in the second half of the inning, if needed. (Example: Prior to the last inning, the Team A is “leading by a score of 20-8. Team B will bat first in the “unlimited run” inning. Team A will bat second, only if Team B scores enough runs (scores 12 or more runs) to either tie the game or take the lead.
